Corporate Membership

The PWLA Mission:

To bring diverse businesswomen together
to offer opportunities for networking,
obtaining business information and education
and support to women through
mentoring and scholarships.

PWLA was formed in 2005 to provide area business women a way to give back to the community by providing scholarships to other local women.

The scholarship funds are raised through annual member fees, corporate partnerships and donations.

Membership is open to any woman employed by a business belonging to the Chamber of Commerce.

In addition to funding scholarships, members enjoy networking at quarterly membership luncheons, informal monthly networking lunches and an annual social. Professional and personal development programs are a part of each quarterly luncheon.

To enable area businesses to allow more than one woman to become a member, a corporate membership plan has been developed.

We encourage you to consider membership in PWLA. Your investment helps develop future business and civic leaders from our community.

Guests

Those interested in learning more about the organization prior to joining PWLA are invited to attend up to two meetings as guests. The lunch fee for guest attendance is \$15.00

Corporate Membership

A business (a Chamber member in good standing) may pay an annual fee of \$150.00 to have a corporate membership in its name. That payment covers one annual PWLA membership. Additional female employees may join for only \$100 each.

Membership in PWLA allows a different level of community involvement and exposure for your business. Working together, we are able to provide scholarships to area women and make an impact with a modest investment of time and money by our members.

Corporate Partnerships

Is your business interested in becoming a corporate partner? Some area businesses are able to help grow our scholarship fund with larger donations. Progress Energy has stepped forward and we look forward to partnering with other area businesses. Please contact Barb at the Chamber for more information.
